**Lesson\_3**

**Subject: School - advantages and disadvantages of learning.**

**Task. 1 Answer the questions by giving three arguments:**

a) What are the advantages and disadvantages of learning foreign languages?

**SAMPLE ANSWER:**

The advantages of learning foreign languages are:

- you can travel all around the world and communicate with other nations;
- you can get a well-paid job abroad;
- with the use of English you can start learning more complicated languages like Japanese, Chinese because tutors of these languages usually speak English.

The disadvantages of learning foreign languages are:

- it takes a lot of time to learn it so you need to devote your free time;
- some grammar structures or vocabulary are difficult to learn;
- you need to spend money on private lessons.

b) At what age it is good to start learning foreign languages?

**SAMPLE ANSWER:**

In my opinion, it is good to start learning foreign language at the age of 5 or 6, because when you are young you have better ability to remember vocabulary, you aren't afraid of making mistakes and you can learn words with the use of different games.

c) How do you prepare for the exams?

**SAMPLE ANSWER:**

When I have to prepare for the exams I learn the needed material by heart, I make short pieces of information and revise it and I study together with my friend so we can explain each other things that we don't understand.

d) Would you like to be a teacher in the future? (Czy chciałabyś być nauczycielem w przyszłości?)
