#### **ZADANIE 3**

**SAMPLE DESCRIPTION:** In the picture I can see a man and a child, probably a dad and a son. They are in the kitchen. They are washing the dishes.

- 1) **SAMPLE ANSWER:** In my opinion they often do housework together, because they are smiling so probably they are having good time working together.
- 2) **SAMPLE ANSWER:** I clean up my room every weekend and I take the dog for a walk every day.
- 3) **SAMPLE ANSWER:** Last Saturday my parents organised a party at our home. Twenty five guests came and they made a mess. Unfortunately, I had to clean up the house and the garden. I was really tired when I finished tidying up.

#### **ZADANIE 4**

**SAMPLE ANSWER:** I would choose picture numer one, because the room is spacious and bright. It is furnished in a modern style. The furniture probably is comfortable.

I reject picture numer 2, because it is not fully furnished and it looks scruffy. I wouldn't choose picture numer 3, because the furniture is old-fashioned. Moreover, the room is cluttered.

#### **UCZEŃ A**

- 1) **SAMPLE ANSWER:** The disadvantages of sharing a flat are: lack of privacy, your flatmate can be messy and you will have to clean the flat and you flatmate can be lazy and you will have to do all the housework.
- 2) **SAMPLE ANSWER:** When people choose a place to live they pay attention to the location of the flat – whether it is in the city centre or in the suburbs. The rent is also important, so they need to know how much money they will pay for the flat per month. Finally, they want to rent a two-bedroom or three-bedroom flat, so they can have flatmates and share the costs of living.

#### **UCZEŃ B**

- 1) **SAMPLE ANSWER:** It depends on the relationship between the parents and the children. If they don't get on well with each other then young people want to move out as soon as they get a job. However, when young people get along with their parents then they live together for a long time. Sometimes, the parents made their children leave their home, because they think it's the time.
- 2) **SAMPLE ANSWER:** Majority of people prefer living in one place all their life, they are afraid of changes or unknown future. However, more and more young people like moving houses, because they are adventurous and they try to find their dreamt home or place to live.
